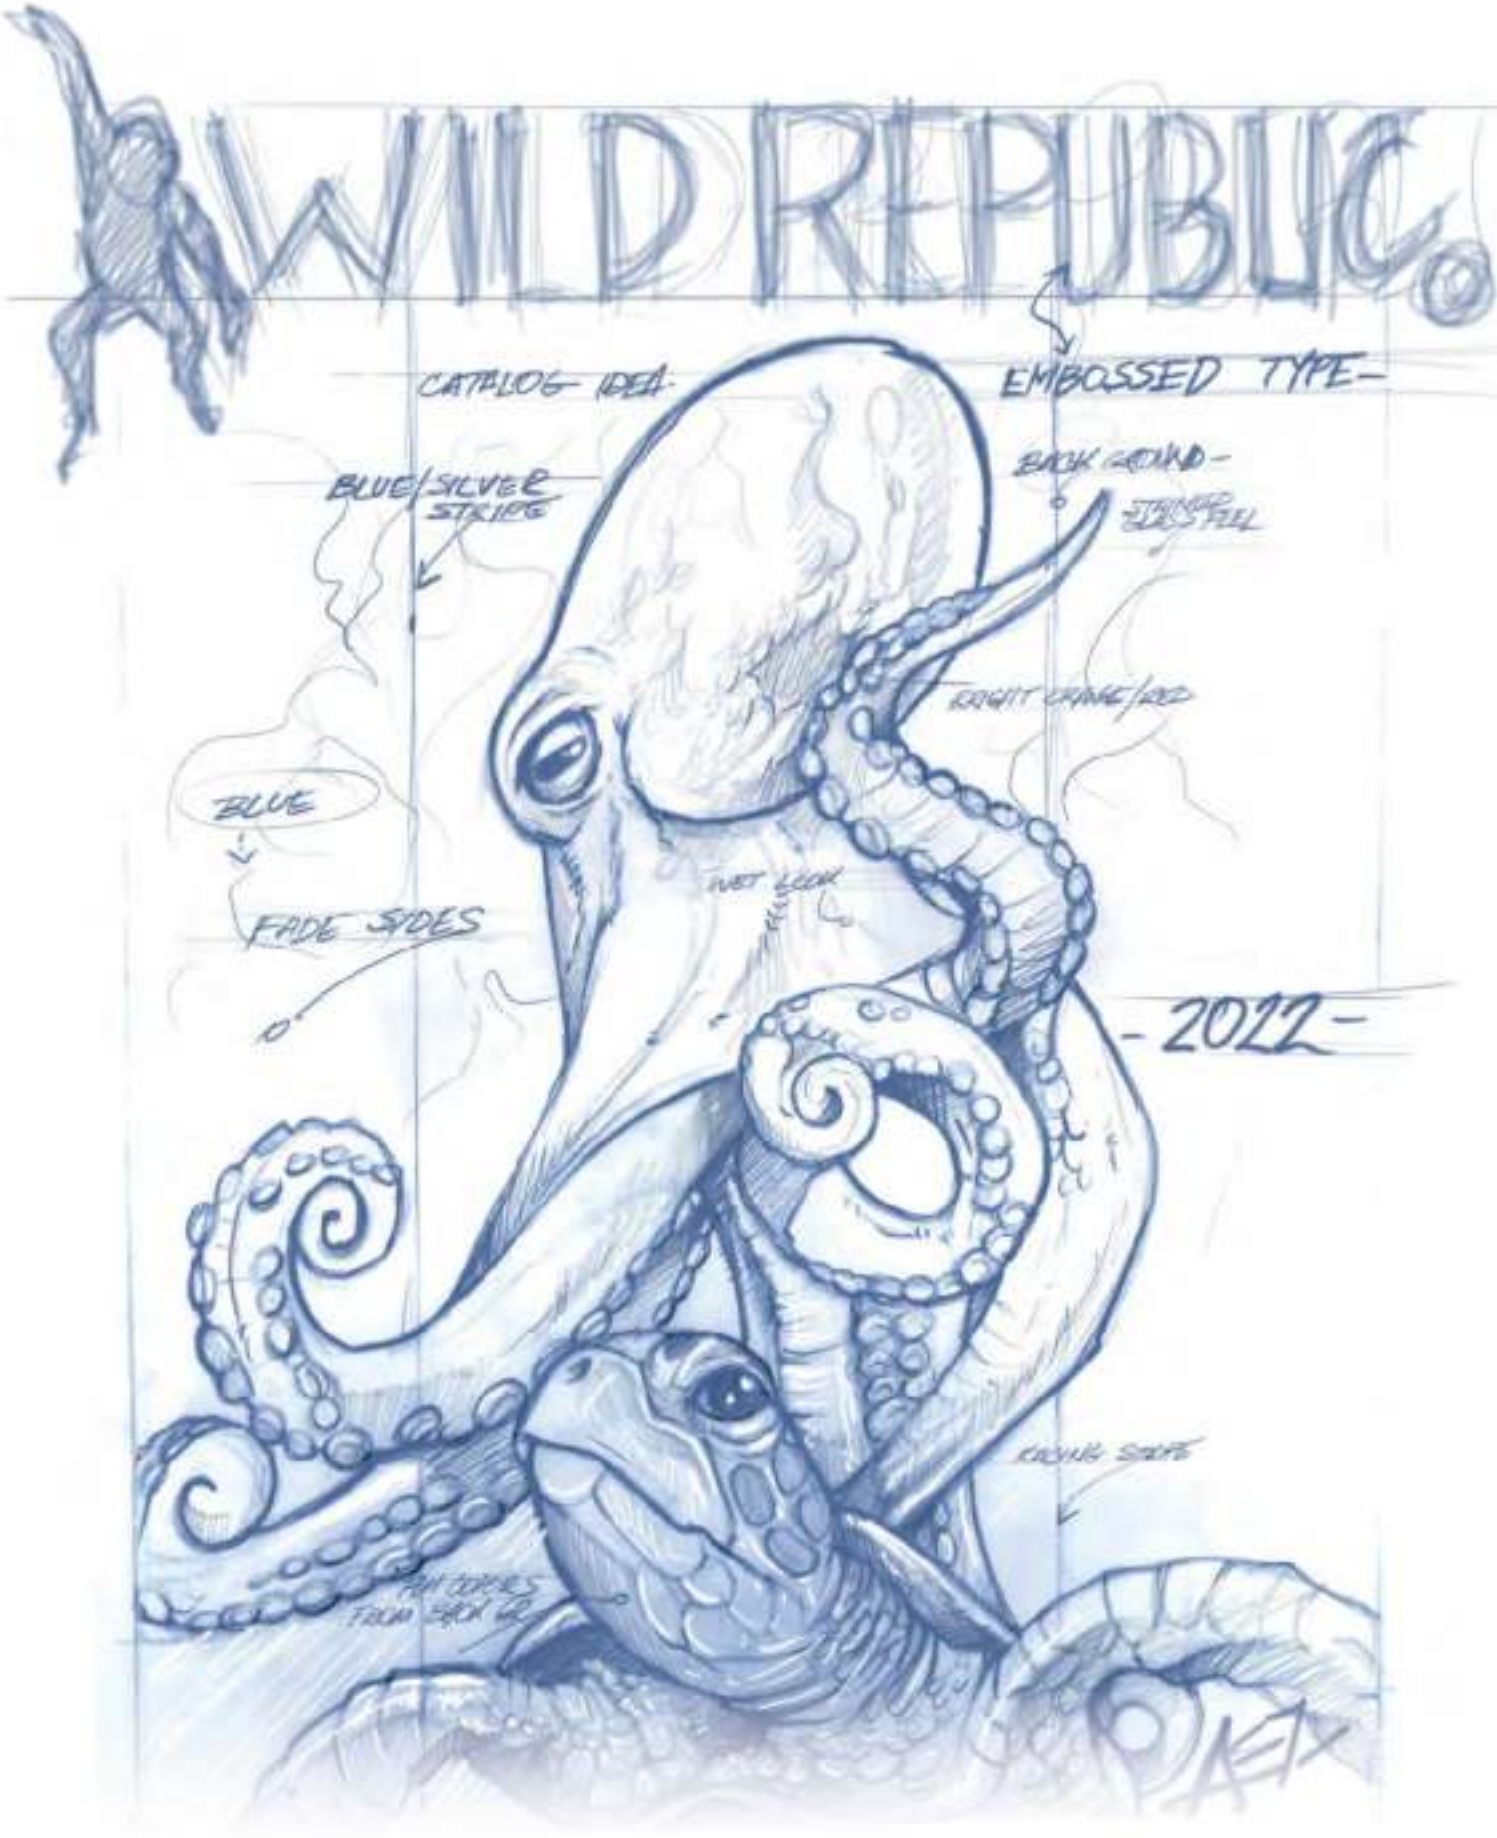
WILD REPUBLIC



This sketch and the painting that you see on the cover of this catalog were imagined and created by our Director of Product Development and Brand Strategy, Alex Radojevic. Alex and the rest of our design team across the globe are one of the cornerstones of our brand. Without these artists and their vision, we would not be the market leaders in product creativity and design.

WHY A MONKEY?

IN 1996, MR. PILLAI, FOUNDER OF WILD REPUBLIC, STEPPED IN TO HELP A TROOP OF MONKEYS AT THE SASTHA TEMPLE IN SASTHAMKOTTA, KERALA IN INDIA THAT WERE FACING A FOOD SHORTAGE WHICH RESULTED IN THE MONKEY'S STEALING FOOD FROM TOWNSPEOPLE AND CHILDREN ON THEIR WAY TO SCHOOL. LEARNING OF THIS, MR. PILLAI, WITHOUT HESITATION, CREATED A TRUST FUND THAT IS STILL IN EXISTENCE TODAY THAT ENSURES PERPETUAL FEEDING OF THOSE MONKEYS. THAT TROOP OF MONKEYS INSPIRED OUR CREATION OF THE ORIGINAL HANGING MONKEY LINE DEVELOPED IN 1998 WHICH EXPLODED IN POPULARITY. THE SUCCESS OF THAT LINE AND WHAT IT STOOD FOR LED US TO USE THE MONKEY AS OUR BRAND LOGO. ANTUKO, THE NAME OF THE MONKEY IN OUR LOGO, STANDS FOR OUR ONGOING COMMITMENT OF SERVING WILDLIFE, SERVING PEOPLE, AND DOING THE RIGHT THING FOR OUR PLANET.

MONSTERKINS

—NOT ALL **MONSTERS** ARE BAD—

Not all monsters are bad. Some are needed to help take care of our planet. Introducing Monsterkins created by the Earth for the Earth. Monsterkins are Earth s creation to help eat the plastic water bottles from land to sea.

It may take almost five hundred years for the plastic bottles to decompose, but Monsterkins can digest them in only two hours. They thrive on your plastic trash.

DUSK

26680 Jr. Dusk

26678 Dusk

Monsterkins Dusk is especially equipped for creeping around in the wilderness and in campsites undetected. His ears allow him to hear a plastic bottle bouncing on the ground from long way. With three eyes, he can easily see his next meal .

VISH

26681 Vish

26683 Jr. Vish

Monsterkins Vish can go anywhere and eat plastics from all sorts of human trash grounds. His special eye can be stretched to see around the thightest of spaces finding meals that others miss.

MUCK

26677 Jr. Muck

26675 Muck

Monsterkins Muck is specially equipped with fins and tentacles that help him travel far and wide every day devouring pastics from boats big and small. His big eye helps him find his favorite target soda bottles..

Whether it s in the rainforest, on a beach, or trash thrown on the ground, you can rely on a monsterkin to eat up and clean up.

26736 Jr. Grom

0 92389 26736 5

Monsterkins Grom has his picking of plastic trash he finds between waves. With his oversized mouth and multiple tentacles, he can grab and gobble scores of plastic in a matter of minutes.

26689 Jr. Trash Foot

0 92389 26689 4

26687 Trash Foot

0 92389 26687 0

Monsterkins Trash Foot finds his food when the ice and snow melts in the frozen regions of the world. After a lean frozen winter he now needs to fatten up and consume all the plastic bottles from the winter recreational human crowds.

26737 MK

0 92389 26737 2

26739 Jr. MK

0 92389 26739 6

Monsterkins MK lives a life of slithering solitude as she crawls around landfills eating water bottles that humankind didn t recycle. Hearing the beep, beep sound of the dump truck backing in is like being summuns to a meal by the dinner bell.

VINNIE

NEW!

26686 Jr. Vinnie

26684 Vinnie

Monsterkins Vinnie s huge teeth are used to scare away the predators of the forest. His three eyes give him extra vision to see far in the distance to locate the plastics left behind by hikers who come to visit the prettier animals..

TRASHZILLA

26690 Trashzilla

26692 Jr. Trashzilla

Trashzilla the street monster scours the back roads and dumpsters for plastic bottles. He wanders the streets at night and dumpster dives in the day eating water bottles twenty-four seven. His extra-large mouth allows him to consume the massive amounts of bottles the humankind have tossed.
